"We Cannot Walk Alone"

Guildford and Godalming Interfaith Forum (GGIFF) organised the zoom event based on the theme for this year's Refugee Week 'We cannot walk alone' on Tuesday 15h June 2021.

It was very enlightening and informative evening with Panellists from differing backgrounds highlighting the work being done to help refugees build new lives in the U.K.

The meeting was chaired by Neelam Dervisher who gave a brief account of the role of '[Surrey Minority Ethnic Forum](#)' (of which she is Chair) to support ethnic minority communities, before introducing Ray Northcott from 'Refugees Welcome in Surrey' who gave details of an impressive number of local organisations who are helping in different ways, including 'Care4Calais' who as well as taking supplies to camps in France also provide practical help to those refugees who manage to enter the U.K. (these organisations are listed at the end of this report)

Louise Baumberg then spoke enthusiastically about her personal experience of fostering unaccompanied youth and working with 'The Big Leaf Foundation', showing slides of happy times enjoyed by displaced youth at Summer Camp and other activities. She told us that whilst younger children are placed in Local Authority care there is a need for supported lodging, which involves less responsibility than fostering.

Marilyn Jarrett from 'Guildford & District Amnesty International' spoke about Amnesty's aim to re-unite separated families and gave many statistics including the fact that only Denmark & the U.K., within Europe, do not allow families to sponsor family members. We were listed 7th among the EU countries in the numbers of refugees accepted. She spoke hopefully of a number of M.P's from across the Party spectrum who are trying to improve this situation. She shared a very [insightful and emotive video](#) about keeping families together.

Elizabeth Mpyisi of 'UBUNTU Mindfulness Community', a Human Rights lawyer for 25 years, spoke about the therapeutic work that is needed to help asylum seekers,(and the Law Whole Clinic Network), as they navigate their way towards full citizenship of their new country whilst processing the situations that had caused them to flee their homeland and undertake arduous journeys. She showed a video titled '[Every Refugee Matters](#)'

The evening ended with an efficient Q&A based on comments left in the zoom 'Chat' during each presentation. The participants were left with the feeling that they can help positively through some of the organisations that had been highlighted.

Faith In Action: A Conversation With Kayte Cable

'Faith in Action' is a series of conversations with real people; these are interfaith conversations run by Woking People of Faith (WPOF) where individuals talk about their own faith and how it works out in practice in their everyday lives.

22 participants attended on zoom 'A Conversation with Kayte Cable' who is the co-founder of Big Leaf Foundation. Kayte was interviewed by Simon Trick,

Deputy Chair of WPOF on Thursday 17th June at 7pm. Kayte explained that though she was raised in a partly Church of England home, faith wasn't spoken about openly, and now she finds it hard to define exactly what her faith would be. She listens to music and sometimes feels that there must be presence, God is the great works. She is also very taken by the thoughts of Einstein when he stated that since many scientists conceded that actual knowledge of the forces of nature was still imperfect, for many there remained a belief in the existence of an ultimate spirit. She has had 2 epiphany moments in her life and made us all quite emotional when she described them. Kayte works with Big Leaf foundation supporting displaced young people in Surrey. WPOF has committed to working closely with Big Leaf in the future. A recording of the event is available [here](#)

A recording and report of the 'a conversation with Hilal Al Shareef', a Syrian refugee will be available in the next newsletter.

Elmbridge Multi Faith Forum (EMF) AGM

The EMF AGM was held on Tuesday 22nd June on Zoom. Margaret Hicks, Chair of the forum, ran through the AGM formalities, which was followed by a talk ‘the history and growth of Surrey Minority Ethnic Forum’ by Suzanne Akram, Executive Director of Surrey Minority Ethnic Forum (SMEF).

Suzanne explained how historically there was no central coordinating body to address minority ethnic issues and gave an overview of some of the minority ethnic communities residing in Surrey. SMEF currently has 48 ethnic minority member organisations.

SMEF’s work continues to expand and currently includes address health inequalities, integration, empowering women, increasing youth aspirations, working with faith communities, capacity building, keeping communities safe and supporting elders.

Suzanne highlighted some of the challenges, which include: segregated communities, low educational achievement, specific health conditions, high needs of old people, high unemployment and general challenges such as domestic violence and alcohol and substance misuse. She spoke about how ethnic minorities were disproportionately affected by Covid-19 and that they have poorer health outcomes and life expectancy.

Positive Action PC Recruitment Info Evening

It is always immensely satisfying knowing that your work serves a greater good. Working in the police offers so many personally rewarding moments but the knowledge that what you do can literally change or save someone's life is perhaps one of the most powerful and exciting rewards.

Surrey Police are proud to serve a beautifully diverse community, and they know that to authentically support these communities, they need to reflect this in their officers. That's why they have a brilliant Positive Action initiative that supports those from diverse groups to receive support, encouragement and motivation as they embark on this life changing career.

On 8th of July, members of Surrey police will be hosting this brilliant event. If you or someone you know has considered a career as a police officer why not come along and hear about the application process, learning process and positive action support. Hear from operational officers about their honest experience of policing and ask questions about their wonderful apprenticeship programmes.

NHS App available to use as a vaccine passport

The [NHS App](#) is now available to use as a vaccine passport. Owned and run by the NHS, the NHS App is a simple and secure way to access a range of NHS services on your smartphone or tablet.

There have been many queries from patients and the public of how to use/download the app, so commissioners have now produced a [guide](#) to help.

Good neighbour schemes open again

There are over 100 voluntary [good neighbour schemes](#) in Surrey. Most of the groups take people to and from hospital, GP and other health appointments. Some groups offer befriending, shopping, library book and prescription collections, or run lunch and social clubs.

After suspending their services due to the pandemic and lockdowns, the majority of volunteer Good Neighbour schemes have re-opened now. Some schemes are reporting a fairly low take up of requests compared to the old "normal" so if you are a professional don't forget to let any elderly people that your organisation may support know that their local scheme can provide transport to GP surgeries and hospital appointments and more.

Don't let your story of Covid-19 remain untold: take part today!

- How has Covid-19 and the lockdowns affected you?
- Has the pandemic impacted your work, finances, housing, health and education?
- Have you experienced racism or religious discrimination during the pandemic?

E V E N SEVIDENCE FOR EQUALITY

Inter Faith Week 14-21 November

The aims of Inter Faith Week are to:

- Strengthen good inter faith relations at all levels;
- Increase awareness of the different and distinct faith communities in the UK, celebrating and building on the contribution which their members make to their neighbourhoods and to wider society; and
- Increase understanding between different people of religious and non-religious beliefs

This year [Inter Faith Week](#) takes place from Sunday 14 to Sunday 21 November. It's a Week for everyone – young and old and of different faiths and beliefs, including non-religious beliefs. Activities benefit those who take part; they also send a strong message that good inter faith relations matter and that there is appreciation of people's faiths and beliefs and how those inspire them to contribute to the community and live well together.

The Week is timed to begin each year on Remembrance Sunday to enable people of different backgrounds to [remember together](#) the service of soldiers and civilians of all faiths and beliefs and to reflect on peace.
